

BERDAN TECHNICAL SERVICES

PRICE LIST June/1/2024

Call us for quantity discounts.

Scanning Prints and Slides

We scan, organize, crop, straighten prints and slides. Each image is checked for quality. Photos are scanned at 300 or 600 dpi, higher resolutions are available. Slides are scanned at 1200 or 2400 dpi. We can remove your photos from albums, but pricing is based on the type of mounting. If possible, photos can be remounted in the album, and pricing is based on the type of album. We will upload your photos to a cloud service and/or give you a flash drive. CDs and DVDs will be provided at additional cost.
